#### SLOW DOWN THE RHYTHM

Excessive mental energy brings difficulties in thinking and reflecting properly and it takes a period to settle ideas and let life take its natural course. It was with this focus that we prepared this program, one or two nights, to slow down the pace of your daily life and contribute to your mental well-being.

Come and enjoy moments of pure relaxation, in an atmosphere of comfort and tranquility that only the Termas de Luso and the Grande Hotel de Luso can provide.
